What are the benefits of our platform?

- ✓ **Remote Identity Verification:** Provides instant results, eliminating manual ID checks, photocopying and storage - saving time, money and resources
- ✓ **Paperless & Hassle-Free Criminal Record Disclosures:** Automatically issued electronic certificate with the disclosure number, issue date and a summary of results
- ✓ **Reduced Human Error:** Utilizes Optical Character Recognition (OCR) technology to cross-check data with multiple providers, minimising delays, errors and non-compliance
- ✓ **Data Security:** Fully encrypted platform compliant with data protection legislation, ensuring the security of sensitive information

“Gone are the days of cumbersome paperwork and time-consuming verification processes. The Digital Identity Verification service we've adopted with SVS has streamlined our onboarding procedures, allowing us to welcome new employees with unparalleled speed and accuracy.”
