

Fire Industry Association

FIRESA Council Representing Fire & Rescue Suppliers

What is FIRESA Council?

- FIRESA Council within the FIA represents a wide range of suppliers to the Fire and Rescue sector.
- The FIA has more than 800 members that also represent active fire protection, fire risk assessment and fire engineering companies.
- It is the only trade association which represents the full spectrum of suppliers to the Fire and Rescue Services.

What do we do?

- Direct and enact policy on behalf of our Fire and Rescue supply members.
- Provide a strong, consistent and collective industry voice
- Act as a key proactive influencer in the decisions that affect the sector

FIRESA Council Representing Fire & Rescue Suppliers

Influencing the FRSs and Home Office through engagement in the Fire Commercial Transformation Programme

Liaison with top influencers in government and other key fire stakeholders

Internationalisation of businesses through export guidance and support

Part of the FIA, the largest fire trade body in Europe

Some key activities

- Strategic alliances with the NFCC and Fire Sector Federation
- Government liaisons including the Home Office, MHCLG, Ministers, Senior Civil Servants, local authorities and DIT
- Links with exhibition organisers and trade publishers
- Seminars and Product Showcases
- Acting on the NFCC Customer and Supplier Engagement Group in support of collaborative procurement and R&D
- Active on BSI, CEN and ISO Standards Committees
- Member of the Joint International Fire Board
